Presentations :

-The *plenary meetings* (keynotes, challenges and final presentation) will take place on **Zoom from Friday at 10:00:**

<https://us02web.zoom.us/j/87285244077?pwd=UDZXMC9DN0hGWHpJUHFpY1IUY3Judz09>

Meeting-ID: 872 8524 4077

Kenncode: LENZBURG

Two long zoom sessions will actually start at 8.30 Friday & Saturday you can hop on and off during this time

You can download the .ics for your calendar [here](#).

collaborative work:

Slack-Workspace: smarcitylab-lenzburg.slack.com

For the written communication and the group work at the Smart City Lab Lenzburg we will use a slack workspace . Please login or register [there](#) for further information to keep up to date. You can also start the conversation about the challenges there.

You will be able to use Slack for group video calls through your project channel (only Chrome or desktop App).

the collaborative tools your team finds appropriate like miro.com, google workspace or else.

Challenges

At the event, issues and questions concerning Lenzburg, Im Lenz, agglomeration and their inhabitants will be presented. These "Challenges" will be introduced to you on Friday morning during the introduction presentation from 10:00 on by the respective Challenge Owners.

You will find a preview of the challenges on hack.opendata.ch/event/32.

Projects

We need you to *document your project* (development, link to data or code, executive summary..) on our project platform: <http://hack.opendata.ch/event/32>. Upon registration on the platform, you will be able to read the challenges and start project pages. The project page allows collaborative work and centralizing all the documents about your project.

- For the *final project presentation*, we will send you **a template for a few slides**. We will integrate them in a common slide deck and your group will have two minutes to present your result.

Informal conversations

will happen on [Wonder.me](https://www.wonder.me), an intuitive virtual space that allows nice unexpected encounters with participants from the entire group. (Chrome and firefox work best).

<https://www.wonder.me/r?id=6sjg8y-8ejo7>

The link will function from **Friday at 9.15** for the duration of the event and the **password is: Lenzburg**

You will find our FAQ on the event page ([Deutsch](#))

Photos and videos

Please note that pictures will be taken in the zoom and in the slack workspace and the main plenum presentations will be streamed. It is possible that individual pictures and videos will be published. The organization team disclaims any liability for any publications. If you do not wish to be photographed or filmed, please inform us and we will do our best to make sure your picture(s) will not be made public.

We are confident that together we will master this extraordinary situation with flexibility and mutual understanding, with solidarity and the courage to break new ground. We will be happy to [answer any questions about the Hackdays](#) you may have.

If you have questions please get in contact with us via maud.chatelet@opendata.ch.

The plenary sessions will be **live-streamed on youtube on the opendatach channel**. You will find the exact link on our event-webpage to share with your networks.
